Learning Calligraphy

Each term of calligraphy at Inviting Ideas is self-contained and focuses on one or two different styles, together with decorative techniques, layout and design skills and a craft project.

It takes time to develop your skill once you've learnt the basics, but extensive notes and worksheets are provided so you can practise and use the techniques and ideas right from the start.

You can take as many terms of calligraphy as you like because different styles and skills are offered each term.

Calligraphy Tools

A4 pad of bond paper, nibs, holder & ink.

A Kit containing the calligraphy supplies listed above is available from the Tutor at the beginning of the first class for approx. \$30.

It is always useful to bring a pencil, ruler & eraser.
